

## Our Aspiration

The mission of Antelope Creek Elementary School, a collaborative community where diverse strengths, abilities and gifts are celebrated, is to develop life-long learners and leaders and to foster academic success through a system distinguished by

- A safe and welcoming environment
- Partnerships between staff, students, parents and community
- Growth and self-confidence through leadership opportunities
- Innovation in teaching and learning

## Objectives: Measures of Success

- A. The number of students meeting or exceeding grade level standards will increase each year through access to an innovative academic program which includes core instruction, intervention and enrichment.
- B. Annually, students will have an increased number of opportunities for extracurricular enrichment and leadership activities in both primary and intermediate grades.
- C. The Antelope Creek community will benefit from an enhanced system of internal and external communication by June 2016.
- D. Students will benefit from continuous progress towards increased parent and community involvement.

## Strategies and Actions

1. We will implement a school-wide data-driven system for academic intervention, enrichment and social-emotional support.
  - Enrichment programs strive to provide children with daily experiences that will expand knowledge, arouse curiosity, foster creativity, enhance social skills, and nurture self-worth.
  - Partnerships with parents, teachers, and community members provide students with social-emotional support and enhance social skills.
  - Use of a school-wide, data-driven, multi-tiered system of supports provides opportunities for individual student progress in math, reading, social-emotional, and behavioral needs.
2. We will utilize timely, consistent systems of effective communication to improve organizational efficiency, engage the community and increase parental involvement.
  - Time for instructional aide and teacher communication, planning and collaboration is built into the school schedule.
  - A strong network of support from family participation is built to prioritize the education of students.
  - Internal communication systems are consistent and streamlined.
  - Communication with new families builds a welcoming community.
  - Effective and uniform systems are in place to communicate information to parents.
3. We will implement innovative programs to promote student growth and increase self-confidence.
  - We are working toward becoming a magnet school.
  - Student learning is enhanced through increased access to technology.
