- 21st-25th Thanksgiving Break-No School
- 29th Leadership assembly 8:35

Dear Families-

Welcome to another exciting year at Antelope Creek. We have gotten off to a great start this year and students are settling into their new classroom communities.

This year we are working hard to make further progress on our Strategic Planning goals. The three main goals are:

- **Implementing a school-wide, data-driven system for academic intervention, enrichment, and social-emotional support.**
- **Improvement of both internal and external communication systems that will engage the community and increase parental involvement.**
- **Looking further into innovative programs that will promote student growth and increase self-confidence.**

These goals will require a team effort from the community and so far we have had many community members reach out to join committees, offer your time, or support new programs. Please continue to get involved and keep up the strong communication as we work together to continue the excellence at Antelope Creek.

As part of our effort to strengthen social-emotional support we are also embarking on a journey with Positive Behavioral Intervention Support (PBIS). This will allow us to look at systems on-campus for monitoring behavior and corresponding responses. We also want to continue our tradition of rewarding positive behavior, so we will take a look at those systems and evaluate for the future. The Leader in Me will continue to operate alongside PBIS systems. Together these two systems will give us a solid foundation for daily operations at Antelope Creek.

We will be posting information on our web page and through our new school app. so you can follow all of the developments around these initiatives in the coming months. If you have any questions or concerns please let me know. It is going to be another rewarding year at Antelope Creek! Go Falcons!!

Brian Arcuri-Principal

SKATE NIGHT
Monday, Sept. 12th

Hearing Van
Coming 9/26

CRAZY HAT DAY

SEPTEMBER
30TH

Come join the PTA for their first meeting
Tuesday, 9/13 @ 7:00
