Antelope Creek Elementary School - Brian Arcuri, Principal

Hello Families-

As we move into February, we are already starting to think about next year at Antelope Creek and in the District. You should be receiving a survey from the District any day and we welcome any feedback that you have for us or the District. Please see the message below from Rocklin Unified and watch your mailboxes for the survey!

*Dear Families,
Please share with us your experience and perception related to your student(s) education in Rocklin Unified. Your answers will help us ensure all students thrive and achieve. Thank you for devoting 10 minutes of your time for our survey.*

If you have multiple students, please complete the survey for each of your students in RUSD before February 11, 2020.

Your feedback is valued and your time is appreciated.

Also, here at AC we ask your continued assistance with making sure that students are in attendance and not being removed from the school day early unless they are ill or you have an emergency. This will help us to make sure that they get the best possible education that we can give them and to foster healthy life long habits that will serve them well in college and career. Let's make attendance a priority at Antelope Creek for the second half of the year!

Brian Arcuri-Principal
